**SAREMCO Group
BUSINESSES**

16+

Years of
Experience

WELCOME TO SAREMCO INTERNATIONAL

What I cherish most about SAREMCO International is the wealth that our projects bring to the community and to our clients. From the first day of planning the project, we feel connected to the community, connected to the environment in which the project is about to be placed. We laid the stone of SAREMCO International in 2004 with the mission to serve the global community with trust, professionalism, & cooperation with my experience of more than 16 years in the international and local agriculture community.

We feel that besides the business, we are there for the people that will benefit from the project, both directly and indirectly, starting from our client and its personnel up to the service suppliers and the consumers. Our professional knowledge and experience in Agriculture and its by-products are our strengths. We are strongly determined to uphold the suave of SAREMCO International on the same pattern.

“We look beyond the business and develop a connection with the client that is both caring and professional”

About Us

Established in 2004, SAREMCO International is related to SAREMCO Group. SAREMCO International specializes in the production and trading of agricultural products worldwide. SAREMCO International is an A to Z leading Agro-industrial company with the capacity to adjust itself to the conditions in each country.

SAREMCO International manages diverse farming and livestock feed impacting the lives of millions, and is committed to providing clients with best Quality Product.

Ambitious plans and the vision of a strong and modern business partner are being successfully achieved and we are now expanding into new projects. Modern trends in the field of agriculture, crop cultivation, and subsequent trading and processing of agricultural crops are considered by SAREMCO International's management as the basis of a successful long-term strategy.

Our Vision

We value our relationships with current and future customers and hope to communicate our appreciation to them through our outstanding quality of the product, and efficient delivery.

Provide hassle-free and cost-effective import and export of products to clients worldwide with superior quality to create value.

Expansion of our business into new industries and related businesses, offering new avenues for cumulative growth and advancement for our firm, clients, and stakeholders.

Become best by adding a value chain, processors and consumers on agriculture produce by providing reliable services and solutions.

Our Mission

Providing hygienic, best in quality, and safe food to the global community. Your satisfaction in all aspects of your experience with us is not only our highest priority.

Saremco International is the pioneer of exporting agricultural products from Pakistan. We started our journey in 2004 and are now one of the most renowned Exporters from Pakistan. We export approximately 6000 tons per annum that are almost about 200 containers. All containers are 40 ft refrigerated per annum.

The quality of agro-products in Pakistan is expected No.1 in the world. Saremco International provide its customers with best cultivation from our 400-acre farms.

We want to become No.1 wholesaler of fruits and vegetable importers in Pakistan.

We aim to produce a quality approved assortment of vegetables and fruits that will help us set up a large customer base in different areas worldwide including the food business.

Our History

We have a marvelous history of 16 years and We welcome you to our success story.
